### REQUISITION

On Gov. Durbin For Return of Fugitives.

Reported That He Will Refuse to Honor the Papers Issued By Our Governor.

Indianapolis, Ind., Sept. 30.—Answer Goebel, of Cincinnati: Louis Wagner Arnett, of Covington; Mason H. Williams, chief of police of Frankfort, and Samuel Mills, of Indiana, arrived here Saturday and called on Gov. Durbin with a requisition from Gov. Beckham for W. S. Taylor and Charles Finley, charged with the murder of Gov. Wm. Goebel. Mills is a prominent Republican friend of Goebel's. Mills has been working on the present extradition case since last March, but this was unknown to any except his close friends. Taylor and Finley were completely surprised by the movement. Both are in the city and are greatly exercised.

Gov. Durbin, of Indiana, announced to an intimate friend last night that he will to-day refuse to honor a requisition for the return to Kentucky of Taylor and Finley. Many Kentucky Republicans petitioned Gov. Durbin by wire to refuse to honor the requisition. It is presumed the alleged ground for refusal will be the alleged excited state of feeling existing in Kentucky.

### The Weather.

Louisville, Ky., Sept. 30.—(Special.)—Fair to-night and Tuesday.

### FOUR-FIFTHS

Of Weed in Barn and Some Already Cured.

The farmers are still very busy cutting tobacco, but by the last of the present week all of the crop will be housed, provided the weather continues favorable for such work. It is estimated that fully 80 per cent. of the weed is already in the barn. The process of "firing" is now in full blast and much of the early cutting has already been cured.

### CRITICALLY ILL.

Mrs. Sarah A. Goode Not Expected to Live.

Mrs. Sarah A. Goode, who has been sick at her home, the Gooch House, for two weeks, is now dangerously ill and her death is momentarily expected. She is suffering from inflammation of the stomach and bowels. Her daughter, Mrs. John Ryan, of Decatur, Ala., is at her bedside and Rev. James Goetz of Illinois, is expected to arrive to-day.

### Chicago Grain Market.

Chicago, Sept. 30.—Sept. wheat opened at 68½, closed at 68½. Dec. wheat opened at 70½, closed at 70½. May wheat opened at 73½, closed at 73½. Dec. corn opened at 56½, closed at 56½. May corn opened at 58½, closed at 58½. Dec. oats opened at 35½, closed at 35½. May oats opened at 37½, closed at 37½.

The trial of Caleb Powers will be called at Georgetown, Oct. 8 and both sides will be ready.

Jack Haverly, the noted minstrel man, died at St. Louis last week.

## FESSED UP

And Paid Fines In Those Gambling Cases.

Resume of Court News Since Thursday—Indictments Returned—Fines Assessed.

Last week was a busy one in Circuit Court and a number of cases were disposed of. On Saturday the grand jury brought in a batch of indictments. They are as follows: Reuben Haynes, willful murder. Thomas Arnold, accessory after fact to murder. Hughley Wagner, grand larceny. William Mackey, same. Tom Manahan and James Graves, assault. Mat Kelly and Tom Davis, S. L. M., two cases.

An order was made by the Court allowing the grand jury to extend its session beyond the six days allowed by law, as there are other important matters before the body for investigation.

Since the KENTUCKIAN's last report of court proceeding the following cases have been passed up.

P. J. Breslin, selling cigarette material to minor. \$10. Six other indictments against same party dismissed.

Henry Campbell, carrying a concealed deadly weapon, \$25 and ten days in jail. Alex Gray, trespass, verdict of not guilty.

Walter Hampton, murder, verdict of not guilty returned under peremptory instructions to acquit.

Hampton, a colored boy about twelve years old, indicted Rudolph Lillebrew, another colored boy, near Bennetts town, last June. Hampton was arrested about two months ago and had since been confined in jail.

The jury in the case of Morton McKnight, indicted for house-breaking, found the defendant not guilty as charged, but guilty of petit larceny and fixed his punishment at 90 days in the work house.

The case of Willie Nance, charged with attempted rape, was continued until the next term.

In the gambling cases, known as the Asylum cases, all of the parties indicted, with one or two exceptions whose cases have not been settled yet, confessed judgement in one case each and fines were assessed aggregating \$31.25 in each case. Where the same parties were indicted more than once, the other indictments were dismissed marked "compromised." Other gambling cases in the city were disposed of the same way.

### WILD ABOLISH THREE.

Recommendation That Post Offices at Church Hill, Beverly, and The Square be Discontinued.

Postal Agent H. G. Rising in his report on the Rural Free Delivery routes to be established recommends that the post-offices at Church Hill, Beverly and The Square be discontinued.

At least two of these offices are very important ones and their abolition would in all probability work a hardship on many patrons served by them, who would not be on the direct routes of the new system. The matter has been referred to Congressman H. D. Allen and if the people concerned do not want their offices abolished, it would be well for them to write at once to Mr. Allen at Morgantown, Ky., and make protests before it is too late.

## SEE THAT HUMP

THE DEMOCRATIC FUSION TICKET IS GETTING ON ITSELF.

Bright Prospects of Redeeming Christian County From Ring Rule and Boodlesism.

The people are rallying to the support of the Democratic Fusion ticket in a way that is causing a fever of apprehension among the candidates on the Ring ticket. Public sentiment as shown in the crowds at court last week is setting strongly towards the fusion ticket. Every man on the ticket is conceded to be reputable, capable and clean. This gives it a big advantage over the Ring ticket to start with, as the air is full of fresh rumors about the unfitness of some of the boodle crowd.

The terror-stricken gang are no longer regarding the fusion movement as a huge joke. They realize that they are up against an actual condition and already in politics up to their necks, and the fusionists are multiplying like grasshoppers in a Kansas wheat field. Well informed politicians of both parties are now freely predicting the election of the entire fusion ticket and the Democratic State Committee has placed Christian in its list of doubtful counties.

If the Ring does not now realize it, it will before many days that defeat is staring the whole gang in the face. The Republicans who are supporting the fusion ticket represent the most influential men in nearly every precinct in the county. They confidently expect to poll 1,500 Republican votes for the fusion ticket. The Democrats almost to a man will vote it from top to bottom. The gold Democrats will do their part in having a house-cleaning under the town clock and fusion clubs made up exclusively of colored votes are being formed in every southern precinct. It is no longer a disaffection over the corruption of Feb. 9, but a revolution in the Republican party. We are going to see a heavy vote polled, at least 7,000, and from present indications 4,000 of the votes will be against the "combine" that auctioned off the county offices last February—as they thought, Judge Winfree is bringing much strength

PROF. JAMES M. CALVIN, Nominee for Superintendent of Schools.

to the ticket from all parties. He has served the people as county judge before and is held in high esteem by all who know him. He is now actively at work making votes for the whole ticket. Lucien P'Pool is developing surprising strength and his race bids fair to be a winning one. His opponent during the long term of years has lived off the public treasury has lost much of his former popularity and is now conceded to be one of the weakest men on the Ring ticket. P'Pool is liable to lead the ticket. George Croft, the Republican on the ticket for sheriff, is canvassing with P'Pool and is making a fine impression wherever he goes. Dave Smith is also a fine campaigner and is going into every

part of the county, and is bringing back nothing but good reports.

Prof. Calvin spent Friday evening and Saturday in town and many Republicans hunted him up to proffer their support. He is a handsome, intelligent and well equipped young man and mixes well with the people. In fact all of the nominees are doing good work and the ticket as a whole is the most formidable that the dominant party in the county has confronted since 1890. ### LINDSAY-DORITY.

Antioch Couple Will Be Married Tomorrow Evening.

Mr. Charles Lindsay, son of Mr. Hilliard Lindsay, of the Antioch neighborhood, and Miss Etta DORITY, the pretty daughter of Mr. J. W. DORITY, of the same vicinity, will be united in marriage to-morrow evening at 7 o'clock. The happy event will take place in Antioch church, immediately after the ceremony the bridal party will repair to the home of the groom's parents, where a reception will be held.

Burroughs—"There's a fellow who makes more work and trouble for his friends than anyone else I know." Ascum—"Who? Tytels?" Why, I can hardly believe that of him." Burroughs—"You've never tried to borrow a dollar from him, I guess."—Catholic Herald.

## PUCKERED BRAINS.

Biggest Head Does Not Always Show the Central Intelligence.

Although investigation shows that small-headed men are quite as clever as large-headed men, people fondly cling to the superstition that to distinguish one's self it is necessary to have a big head. It is really a fallacy, as anatomists can easily prove.

What makes you a man of superior intellect is not a large brain, but a brain with many folds—or, as they are scientifically called, convolutions.

The reason is this: The brain consists of two substances, the dense white matter and the softer gray matter. The white matter is inside, and the gray matter covers it, just as the rind covers an orange. Now, the white matter is merely the termination of the nervous telegraphic system of the body, and it is the gray covering matter which thinks, writes, makes poetry, forms judgments, etc.

Obviously, the more gray matter you have the greater is your intellect. To provide for a large expanse of gray matter without increasing the size of the skull to an inconvenient extent, nature has adopted an ingenious plan. It has pushed in the surface of the brain as you might push in a mass of dough with your fingers.

In the lower animals these trenches are few and shallow. In the apes they are a little deeper and more numerous still.—London Answers.

Defoe was born and Milton was buried in St. Giles, Cripplegate, and their busts have just been presented to the Cripplegate Institute by Passmore Edwards. The name of this ancient London parish, by the way, is a philological curiosity. It has nothing to do with cripples, but represents the Anglo-Saxon "crepel gait," or covered way, which was used as a military approach to the city walls.

Interesting relics of this ancient structure were discovered during recent excavations.

## The Engineer

Learning from the cab window does more with his ears than his eyes. The "rumble and grumble and roar" of his engine are to him articulate speech, and a false note in that jubilation of sounds would catch his ear as quickly as a discord would strike the ear of an orchestra.

He thinks more of his engine than himself. That is why he neglects to notice symptoms which are full of warning. The foul tongue, the bitter taste, sour risings, and undue fullness after eating are but symptoms of dyspepsia or some form of disease involving the stomach and organs of digestion and nutrition.

In time the heart, liver, lungs, or other organs are involved and the engineer has to lay off.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It purifies the blood and builds up the body with sound healthy flesh.

## EMBALMED MILK.

Becoming One of the Serious Problems of the Modern City.

"Embalmed milk is rapidly developing into one of the more serious problems of the modern city," said an observant citizen to a writer for the New Orleans Times-Democrat, "and, judging from the amount of space devoted to the question in agricultural and dairy journals, persons engaged in the dairy business are fully alive to the importance of the matter. I notice that in Chicago the discovery has been made that the milk furnished the public institutions is liberally embalmed with formalin, whatever that is. I do not know exactly the process, and in fact, never heard of embalmed milk until recently. But there seems to be such a thing. The babies, I guess, have more at stake than the grown persons, because of the extensive use of the bottle. Efforts have been making for some time in the larger cities to get pure milk for the babies, and many methods have been resorted to along this line. Doctors advised for awhile that the milk be boiled before using, but it was found that this would not do. Babies were about to starve to death on sterilized milk. It was death by poison on the one hand and death by starvation on the other. But this is simply one of the minor phases of the milk problem. Clean, pure, healthy milk is one of the crying needs of the hour. The public health depends very largely upon a solution of the milk problem. The tuberculous cow, too, must come in for consideration when the milk problem is discussed. I was talking to a veterinary surgeon a few days ago, and he said there was no question about the claim that diseases are frequently transmitted by the use of impure, unwholesome milk. The cow may be in a feverish condition, in which event the disease may be transmitted to the person using the milk. By actual experiment it has been found that ticks transmit fevers from one cow to another, and it is equally as well settled that the unhealthy condition of the cow may be bequeathed to members of the human family who happen to use the milk. Hence the milk problem has become a question of much concern, and physicians and health officers generally throughout the country are making every effort to solve the problem. Pure milk is the demand in all the large cities at present, but what method will finally be hit upon cannot be guessed at this time."

Large successes are attainable by the union of aptitude and concentration of purpose, coincident with opportunity; the meeting of the man and the occasion; the suiting of the word to the action, the action to the word; self-confidence; unflinching courage; absolute probity.—Henry Waterson, in Success.

## THE PERSONAL ELEMENT.

Has to Be Taken Into Consideration When Aimed at Success.

"Personality," as it is called, is a thing apart; a light, that cannot be hidden. It is difficult to describe, being in its nature variable. Often it is composed of one part talent and two parts character, and he who has it may, in spite of other deficiencies, command success.

## UNCLE SPS MISTAKE.

Got Into Trouble by Making Display of His Fine Feelings.

"No, Mandy," said Uncle Silas, "I'll never try to follow the example of a great man again."

"What's the matter now, Silas?" she asked.

"Well," he said, "while I was up to the city yesterday there was a funeral procession come along. It happened that it passed where Stubbs, the great writer, was standing, and he took off his hat and stood with bowed head."

"Well, that showed what fine feelings he has, Silas."

"Course it did, an' the people all said: 'Ain't it beautiful and what a noble man!' an' the mourners in the hacks cried wus 'an' ever. An' it did look purty, so when another procession passed I stepped out in front and took off my hat."

"You blamed fool!"

"Yes, I stepped out an' took off my hat, an' the mourners commenced to laugh an' the little boys throwed stones, an' a big policeman took me down to the jail, where a doctor came in an' asked me how long I had been seein' things an' when I first noticed the severe headaches. They ain't no use talkin', Mandy, you got to get your picture in the papers an' to get your box lid before you kin see a public display of your fine feelings an' peculiarities."—Indianapolis Sun.

How to Flatter.

The tribute of unexpected praise is more grateful to a person than the reward for which he works hardest and is most confident. It discovers to him new and pleasing attributes. It has all the zest and relish that the particular always has more than the general. And, besides, for the person who happens to light upon some little favorite trick of individuality and to notice and to comment upon it the reward is great. Such a flatterer is in the heart of the flattered one, throated with the authority of discernment; he is considered forever after as a critic of the first importance. Everyone has a hobby, an idiosyncrasy, visible or invisible; it is the art of the flatterer to discover it and his science to use it to his end.

### AMENDED POSTAL LAWS.

Those Regarding Second Class  
Platter Effective After Oct. 1.

The Postoffice Department has  
issued formal notice to all post-  
masters that the recently amended  
postal regulations regarding second  
class rates will be enforced strictly  
after Oct. 1. Periodical publica-  
tions having the characteristics of  
books, and whose circulation is not  
founded on their use as news or lit-  
erary journals, will be admitted to  
the second class. When a publica-  
tion has been admitted to the second  
class the certificate cannot be re-  
voked without authority of the de-  
partment. Unsold or "return" co-  
pies, the department announces,  
may not be mailed by news agents  
at the pound rate.

When you cannot sleep for cough-  
ing, it is hardly necessary that any  
one should tell you that you need a  
few doses of Chamberlain's Cough  
Remedy to allay the irritation of the  
throat, and make sleep possible.  
It is good. Try it. For sale by all  
druggists.

### REGISTER TO-DAY.

If You Fall You Will Lose Your  
Vote.

To-day is the only day for regis-  
tration in Hopkinsville. The four  
polls in the city will be open from 6  
a. m. to 9 p. m. and all qualified  
voters who fail to register will lose  
their votes in November, unless pre-  
vented by sickness or absence.

Qualified voters are male citizens  
21 years old Nov. 5, 1901, who have  
been in the state one year, the  
county six months and the precinct  
since Sept. 5, 1901. Exceptions are  
persons convicted of treason, felony  
or larceny and not pardoned; per-  
sons in confinement under judgment  
of a court for some penal offense,  
and persons idiots or insane.

### Why Osteopathy is Popular.

It is a fact that the Osteopath in  
a few weeks or months obtains a  
standing with the best people in his  
community that it would take a  
physician years to acquire.

The reasons for this are many  
and obvious. In the first place,  
the theory of the science of osteo-  
pathy is a rational and common  
sense one. There is nothing vague,  
mysterious, or occult about it, but  
being based upon the laws of na-  
ture it commends itself to the un-  
prepared and thinking mind.

Another thing that tends to popu-  
larize it is the plain and reason-  
able system of charges usually  
adopted by the osteopathy a system  
whereby the patient is enabled to  
tell approximately what it is going  
to cost him to regain his health.  
The treatment is undertaken with  
the knowledge that there will be  
no bill for medicine, extra visits,  
etc., at the final reckoning.

Almost everybody dislikes to take  
medicine. There is hardly an  
adult to be found who has not many  
times been depressed and sickened  
by heroic doses of drugs, and as the  
Irishman expressed it, "felt sick a  
long time after he got well." If  
osteopathy did nothing but abolish  
experimental doses of poisonous  
drugs and curtail the number of  
surgical operations, it would be  
worthy of the gratitude of countless  
sufferers.

And finally, osteopathy has loyal  
defenders and warm adherents  
among all classes because of re-  
sults attained by its practitioners.  
"Nothing succeeds like success."  
It is results that tell.

What the invalid wants is to get  
well. He is not so much interested  
in the name of the school of healing  
to which his doctor belongs as he is  
in the fact that he can do what he  
claims to do. It is by this standard  
that osteopathy asks to be judged.  
While the claim is not made for it  
that it is a cure-all or that it has  
eliminated death from the world,  
yet the fact remains that it has  
brought health and vigor to the  
body and cheer to the heart of many  
an invalid from whom all hope had  
vanished.

These are but a few of the reasons  
why Osteopathy has firm, loyal  
friends wherever it has been intro-  
duced by competent and conscientious  
Osteopaths. If you are sick  
and suffering try Osteopathy. If  
you desire the most profitable pro-  
fession try Osteopathy. For free

### IF IT'S A MONUMENT

You Want, You'd Better Read  
Hodgson's Ad.

The advertisement of Mr. Sam'l  
Hodgson, the Clarksville monument  
and marble dealer, appears in this  
issue of the KENTUCKIAN and the  
attention of those interested is  
called to same.

This is one of the oldest concerns  
in the South and there are few cem-  
eteries within a radius of 100 miles  
of Clarksville in which some of this  
establishment's best work has not  
been placed.

Mr. Hodgson has just returned  
from the East, where he thoroughly  
familiarized himself with all the  
new and up-to-date designs in monu-  
mental work and he is chug-ful  
of pointers along this line.

Those desiring work would do  
well to communicate with him, or  
see some one of his representatives,  
before placing their orders.

## Can You Afford To?

Can you afford to experiment with unknown and un-  
tried brands of Fertilizers, when you can get right  
here what you know to be good? Soils are of great  
variety, what suits your farm may not be adapted to  
your neighbor's. Experimenting may mean the loss of  
a crop, as well as the amount invested in Fertilizers.  
Every farmer knows Armour and Homestead, Eagle

## DIED OF CONSUMPTION.

Sick Two Years and Was Great Sufferer.

The wife of Mr. John H. Massey, of Pembroke, died last Tuesday, of an illness of about two years of consumption. She was 53 years old, a member of the Methodist church, and before her marriage was Miss Lizzie Croach. She is survived by a husband and four children. The interment took place in Rosedale cemetery Wednesday.

A Preacher With a Great Congregation.

One of the most widely known of the popular preachers of the day is Reverend Geo. H. Hepworth, whose parish embraces the great congregations of the Sunday Chicago Record Herald and the Sunday New York Herald. A simple religion is that of this eminent clerical writer who preaches every Sunday to a congregation vastly greater than any ever accommodated in any temple of worship. Downright earnestness and sincerity, and a spirit of the broadest tolerance characterize this famous newspaper preacher. Read his editorial sermons in the Sunday issue of THE CHICAGO RECORD HERALD and judge for yourself.

## The New Buffalo.

"A New Buffalo" is a musical farce comedy, constructed on new comedy lines, and is particularly adapted to the abilities of that clever comedy pair, Phil W. and Nettie Peters, and a company of carefully selected associates, who will be seen at Holland's Opera House on next Friday night, October 4th.

Mr. Peters and his charming wife have made a lifelong study of amusing the public, and it is almost, in fact, an utter impossibility to avoid laughing at these clever comedians, and the opportunities which are given them in "A New Buffalo" are in great abundance. Mr. Peters does not depend entirely upon his own abilities to please, however, as he has surrounded himself with an exceptionally strong company, including a band and orchestra of accomplished musicians. The band and entire company will make a most pleasing parade at noon on the date above named, which should be seen by everyone, and all persons who do not want to laugh will find an interesting program of music between the acts at night.

to water but you can't make him drink.

You can't make him eat either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, of course. Scott's Emulsion makes a thin body hungry all over. Thought a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—not working—gone on a strike. It doesn't try to use its food.

Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat.

## WEST CHRISTIAN.

Information From Hawkins and Bainbridge.

Hawkins, Ky., Sept. 26.—The farmers are greatly rejoiced over the fact that Jack Frost did no harm in this vicinity.

Cutting tobacco is the order of this day, there being already about one-half of the crops housed.

The Sunday School at Mitchell's School House is progressing nicely, though with the officers they have nothing else could be expected. Rev. Reese is superintendent, J. B. Hopson assistant superintendent, Caleb Williams secretary, Tom Ladd teacher, and Dick Reese to lead singing.

The preaching at J. L. P'Pool's last Sunday night was largely attended. I believe there is preaching there every Sunday evening.

Mr. J. A. Petty, of Carmel Ridge, is visiting relatives east of Hopkinsville.

Miss Mollie Petty, who has been visiting relatives at Blackford, has returned home.

Mr. Stephen Camplin, who has been very sick for some time, is still very low.

Mr. Martin Brown joined the prevaricators' club at Hawkins last Saturday week and bids fair to become one of its most prominent members, as he has produced some of the most extraordinary yarns yet heard. The following is a one of his manufacture: He says on one of his hunting expeditions he caught three opossums, two coons, seven foxes and two flying squirrels, all up one sapling he cut it down and killed them all with only one dog to help, and he saved them all but one opossum, which was too poor. He stripped all the hair off his tail and turned him loose and says if any one finds such a one please return same.

I noticed in the Messenger a letter written by the Hon. J. W. Morgan in regard to a child's mind and school books. I wish to say that I heartily endorse all that he said in regard to the number of studies and the adoption of books by the State, but it seems to me that Mr. Morgan is just a little too late seeing what we need. If he could have seen these things when he had the honor of representing the grand old county of Christian, or even seen it in time to have told our present representative, they might have benefited us. But as he is dead, we must look to the Hon. Frank H. Bassett, who is competent and willing to give to Christian county her desires and needs.

ALWAYS READY.

The Century for October covers an unusual range of topics and appeals to a variety of tastes, and yet the topics are so well chosen that the reader will find each article attractive. The leading paper, a descriptive and anecdotal discussion of "The Practice of the Law in New York," is by Judge Henry E. Howard, and is accompanied by portraits of the noted lawyers and Judges of the State. Within the narrow compass of a magazine article Judge Howard has given a comprehensive and entertaining view of the legal profession in the business center of the New World. A still newer world is treated in the following account of "The Men of New Japan"—the creators of the new power that has already made itself a determining factor in Eastern politics. The latter-day miracle that has recast the map of the Rising Sun is not to be comprehended without personal knowledge of these amazing statesmen of Japan, and their side glances at our Western civilization are most enlightening. No more sensational romances than the lives of these reformers need be sought by the most ardent reader.

## ONCE LIVED HERE.

Well Known Young Man Dies at Russellville.

Leonard Page, who was at one time a resident of this city, in the employ of the Cumberland Telephone and Telegraph Company, died in Russellville last Thursday night. He was 23 years old and a son of Mr. D. J. Page, of Russellville, formerly of Elkton. He was taken with throat trouble the first of last week, which became complicated with his heart, causing his death in a few days.

## PERSONAL GOSSIP.

Mrs. T. R. Hancock has returned from a visit to friends in Clarksville.

Dr. E. N. Fruit attended the Methodist Conference in Bowling Green last week.

Mrs. Geo. H. Taylor will leave to-night for Kansas City to visit relatives.

Mr. G. H. Stowe and wife, of Julien, have returned from Buffalo, Toronto and other Northern cities.

Mrs. A. J. Brewer and children, Jack and Bessie, of Guthrie, Ky., are the guests of Mr. Edgar Bradshaw and family.

Mr. Clyde Williams, who has been visiting the family of Mr. Geo. H. Taylor for ten days, will leave to-night for his home in Kansas City, Mo.

Mrs. D. Fraukel and daughter, Miss Sadie, have returned from a visit to Mrs. M. J. Hartfield, at Henderson.

Mr. George Wallace and wife, of Paducah, spent Sunday with their son, who is a pupil at South Kentucky college. Mr. Wallace is President of the Paducah Electric Light and Street Railway company and one of the owners of the Richards and Beaumont Oil Fields.

Osteopathy As a Profession.

Miss Ella Gardner, Cumberland Presbyterian missionary in Japan, says: "Osteopathy has done so much for me that were I choosing a secular vocation for a life work I certainly choose it; and were it not for the time and money required to acquire the knowledge I would like to have it as a help in my work in the mission field."

The practitioner of Osteopathy finds himself in possession of skill that the world is demanding, and he possesses and for several years will continue to possess, a natural monopoly of this skill. The unique nature of this skill whereby he effects cures in diseases hitherto unsuccessfully treated, and at the same time copes with equal success in diseases curable by other methods, together with the scarcity of men and women possessing the new power of healing, causes Osteopathy to rank first among the professions in respect to pecuniary remuneration.

In point of honor and honorableness, Osteopathy ranks co-equal with the other intellectual professions. From all the above causes Osteopathy is growing rapidly by the constant addition to the ranks of men and women from every walk of life, and especially from the ranks of college men and women. To these Osteopathy offers, a wide-open door.

Send for catalogue and investigate Osteopathy.

## SENT TO MEMPHIS.

Rev. W. K. Piner Given New Appointment By the Louisville Conference.

Bowling Green, Sept. 28.—Rev. W. K. Piner, D. D., was to-day sent by the Methodist conference to the Central church at Memphis. He will be succeeded here by Dr. Early, of St. Louis. His salary at Memphis is \$3,500.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent dollar size are sold by all good druggists.

## DEDICATED.

The New Building of Bethel Baptist Church.

Big Day at Fairview Sunday at the Dedication—Dinner on the Ground.

The new building of the Bethel Baptist church at Fairview, erected on the spot where Jefferson Davis was born, was dedicated Sunday in the presence of a great concourse of people. After devotional exercises and a programme of music the dedicatory service was delivered at 11 o'clock by the Rev. Dr. E. C. Dargan, of Louisville. Then followed the dedication proper, conducted by Dr. Dargan, the Rev. J. A. Benett, the pastor, and the Rev. W. H. Vaughan.

Dinner was served on the grounds, and in the afternoon further services took place in the church.

The new building is an exact reproduction of the one struck by lightning and totally destroyed August 23, 1900. The first church was built on the site of the log cabin in which the President of the Confederacy was born. After the Davises moved to Mississippi the place changed ownership many times, and was bought in 1885 by a number of Confederate veterans and presented to Mr. Davis, who immediately gave it to the Bethel congregation. He was present, November 21, 1886, at the dedication of the church built on the historic site, and delivered an address. A marble tablet recording the date of Mr. Davis' birth and the presentation of the lot to the Bethel church was saved when the building was burned, and has been replaced in the new building.

The church is a handsome brick edifice of Gothic style.

## QUIET AT LAST.

The Soldiers Will Remain at Madisonville Indefinitely.

Madisonville, Ky., Sept. 30.—There was no disorder in the Hopkins county mining district yesterday or to-day. Soldiers were sent to the Carbonade mines, where the shooting occurred Saturday. The nonunion miners will be escorted to and from work by the troops until all danger of violence has passed. The United Mine Workers officially accepted Adj. Gen. Murray's disarmament proposition to day. Gen. Murray will receive the arms of the mine guards and will station soldiers to protect the property. Another company of State Guards may be needed.

## Will Go To Texas.

Mr. L. P. Head, who has for some time been temporarily filling the position of foreman of the Kentuckian office, will leave in a few days for Dallas, Texas, where he will be associated in business with Mr. U. M. Boyd, formerly of this State. Mr. Head is an expert job printer, who has had experience in newspaper work in nearly all departments.

## FORTY-ONE INCHES.

Tobacco Leaves That Break The Record.

Mr. G. S. Vaughan, of Elmo, Ky., reports some record-breaking plants of tobacco. He did not weigh the plants, but some of the leaves measured 41 inches long and 20 inches wide. Mr. Vaughan says he has five acres that will make from 1,000 to 1,200 pounds per acre. He raises the Orinoco and Little Yellow varieties.

## DEATH OF MERCHANT.

Daughter of Deceased Succumbs to Same Disease.

Mr. George Rose, the well known Kirksmansville merchant, died of typhoid fever, aged 45 years. About three weeks ago a daughter of the deceased succumbed to the same disease. At the time of her demise Mr. Rose was critically ill.

## ASTHMA QUICKLY RELIEVED.

Dr. R. Schiffman Astounds the Public With the Success of His Treatment.

Residents of this place were astonished by notifications in the columns last week that the celebrated physician, Dr. Rudolph Schiffman, would make public test of his remedy in this city. He invited every man, woman and child, suffering with Asthma, to call at R. C. Hardwick's Drug Store and obtain, absolutely free, a trial box of his medicine. Dr. Schiffman adopted this novel way of introducing his treatment believing that a free personal test would be the best and only way to overcome the prejudice and scepticism of thousands of asthmatics who had given up in despair after going through the whole range of so-called cures. He has in this manner proved the efficacy of his remedy, and without asking the public to spend a penny. Dr. Schiffman hopes that every sufferer in this town obtained one of his free samples. He fears, however, that there were some few who did not, before they were all given out. In order to give a fair opportunity to those who have not yet used the remedy, and also as a guarantee of good faith, he has now requested this paper to announce that he has arranged with the above druggist to refund the money to any person who purchases of them either a 50c or \$1.00 package of Schiffman's Asthma Cure between now and October 25th, and finds that it does not do exactly as is claimed for it; the only condition being that they return not less than three-fourths of the package to them. Dr. Schiffman claims that in every case of true asthma his remedy will give immediate relief—usually within fifteen seconds; always within as many minutes. It has positively permanently cured thousands of cases which were considered incurable.

## COLD WAVES

Preceded By Rain, Hail and Snow During the Month of October.

Heavy Autumnal Storms and High Northwestern Gales Predicted for Mars Period.

Rev. I. R. Hicks, in his October forecasts, says:

A Mars period of disturbance central any time in October is sufficient cause for apprehending heavy autumnal storms. Such a period is central on October 2nd, extending beyond the middle of the month. Between the 2nd and the 6th, these conditions will grow into cloudiness, and rain and snow will touch many parts of the country.

From 8th to 10th there will be a return of stormy conditions, with rain and some snow to the North.

Look for change to rising barometer and colder after the storms central on the 9th. Storms of rain and snow will pass across the country about the 14th to the 17th. Snow and sleet are more than probable in Northern sections, with high northwesterly gales and an October cold wave. October rains, fringed in the north by sleet and snow, will traverse the country from west to east during the 20th to 22nd. Some of the heaviest storms of the month may certainly be counted on during the Vulcan storm period central on the 26th. About this time there will be considerable rain, followed by a cold wave.

Evansville and Return, Sunday, Oct. 6th, \$1.25.

On Sunday October 6th the Illinois Central will sell round trip tickets to Evansville at rate of \$1.25. Tickets will be sold for regular train leaving Hopkinsville at 5 a. m., which train will be avoided with extra coaches to be attached to special train at Princeton. Train will arrive at Evansville at 12:50 p. m. and leave Evansville at 10:30 p. m. Tickets will be limited to date of sale and for special train in each direction.

CHENEY &amp; CO., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY,  
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1899.A. W. GLEASON,  
Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY &amp; CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills are the best.

## All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic. I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial, but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since. Yours forays, Lebanon, Kan.

## Hood's Sarsaparilla

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

Four of the so-called investment companies at Louisville have been denied the use of the mails and this will probably wind up the career of such enterprises in Kentucky. One of these companies also failed at Owensboro and serious litigation is to follow. Suits are to be brought under 548 of the Kentucky statutes, which section provides that if the directors of any incorporated company shall declare and pay any dividend while the company is insolvent they shall be jointly and severally liable for the debts of the corporation. If this holds good in the courts, it will cause financial ruin to many innocent stockholders in these concerns.

Indications are that the Booda ticket will materially increase the price of votes over the quotations in the February primary, as its necessities become more urgent. It is estimated by one of the candidates who spent \$2,700 himself, that the amount expended by the combine was from \$10,000 to \$12,000, and it is certain that they are preparing to repeat the same tactics in November that saved their bacon in February. In some precincts votes sold as low as 50 cents, though \$1 to \$2 were the ruling quotations. It is probable that the limit this time will be made \$5, as the gang are desperate and will not stop for a few thousand dollars. It is their best that they are in the race to win and the public knows what that means.

In the Democratic convention for the Seventh judicial district Wednesday, Judge S. R. Crewdson, of Logan, was nominated to succeed I. H. Goodnight, deceased. In the county convention Crewdson got Logan with 17 votes, Forgy Todd with 9, Thomas Muhlenberg with 9 and Miliken Simpson with 8, the Simpson delegates being for Crewdson as second choice. Judge Crewdson is filling the office temporarily by appointment of the Governor. Two of the candidates who failed to carry their counties—Sandidge and Byars—had no standing in the district convention.

One of the sentries guarding the vault at Canton, where the late President's body reposes, challenged a man who was prowling about Sunday night and fired upon him. Another man, who was masked, then attacked the sentry and cut him slightly. It is believed an attempt was made to blow up the vault with dynamite.

No more debates will be held by the Democratic candidates for United States Senator. The campaign committee received letters from three of the candidates, saying they preferred to scatter in the state and make speeches on their own hook and the decision was given out Sunday.

"If the Secretary of State be sustained in his contention that there must be separate ballots and ballot boxes for city elections, no little confusion will result."—Pardach News-Democrat.

This has been the law for several years and has been observed in this city, except that all ballots were deposited in the same box.

Colleges was taken to Auburn prison after being sentenced to die in the electric chair during the week beginning Oct. 28. When placed in the death chamber he completely collapsed and shed tears, expressed sorrow for his deed and bemoaned his fate.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price 25 cents. Samples free at all drug stores.

## AFTER ED GLASS.

Another Colored Candidate For  
Councilman in the Bloody  
Fifth.

Ed Glass, the colored candidate for councilman in the Fifth Ward, has a fight on his hands this time. Geo. Leavelle, an independent colored Republican, is out as a candidate and is making it necessary for Glass to take the stump for the first time in several years. He spoke at Friendship Hall last night to the voters of his ward, nearly all of whom are colored.

## MAMMOTH PLANTS.

One Tipped Beam at 11 Pounds,  
Another at 10.

Mr. J. H. Winfree comes to the front with some of the heaviest tobacco plants reported this season. Two of his largest plants were placed upon the scales and one of them tipped the beam at eleven pounds and the other at ten. This tobacco is of the celebrated "Clardy" variety and Mr. Winfree's crop of the weed is probably the finest he ever raised.

## Came Near Dying.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely. I went to sleep and did not awake for eight hours. On awakening a few hours ago I felt so gratified that the work I do on going to the office is to write to the manufacturers of this remedy and offer them my grateful thanks and say, 'God bless you and the splendid medicine you make.' This remedy is for sale by all druggists."

## ELABORATELY MOUNTED.

Dialogue is Brisk and Convincing  
in Its Point.

"At Valley Forge" Wm. L. Roberts' Colonial drama, which will be scene here for the first time in this city at the Opera House this evening is a play on a most interesting subject and deals with our Army and a charming Tory maid, whose major home is situated near the "Wanted" Camp of the Continental troops at Valley Forge. The dialogue is said to be brisk and convincing and epigrammatical in its point, while the comedy is brought out in an easy natural manner. The play is said to be mounted in an unusually elaborate manner showing the quaint architecture and splendid woodlands which once surrounded Valley Forge and Trenton during the days of our Colonial ancestors. The presenting company is reported as being one of unusual merit and is headed by Mr. Wm. L. Roberts and Miss Olive Martin who will be seen in the leading roles.

## BALL-WILLIS.

Former Hopkinsville Man Will  
Wed Illinois Lady.

Mr. Fred Ball, son of Mr. Jas. K. Ball, of Carmi, Ill., formerly of this city, and Miss Olive Willis, of Carmi, will be married to-morrow. Mr. Ross Dyer and sister, Miss Mabel Dyer, went to Carmi Saturday and will be present at the wedding. After the marriage Mr. Dyer will return home, but Mr. Ball will go to Chicago, where he will resume her studies at Chicago University.

## It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. R. C. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." The remedy owes its great popularity and extensive sale to a large measure of the personal recommendations of people who have been cured by its use. It is for sale by all druggists.

### AMENDED POSTAL LAWS.

Those Regarding Second Class  
Platter Effective After Oct. 1.

The Postoffice Department has  
issued formal notice to all post-  
masters that the recently amended  
postal regulations regarding second  
class rates will be enforced strictly  
after Oct. 1. Periodical publica-  
tions having the characteristics of  
books, and whose circulation is not  
founded on their use as news or lit-  
erary journals, will be admitted to  
the second class. When a publica-  
tion has been admitted to the second  
class the certificate cannot be re-  
voked without authority of the de-  
partment. Unsold or "return" co-  
pies, the department announces,  
may not be mailed by news agents  
at the poundrate.

When you cannot sleep for cough-  
ing, it is hardly necessary that any  
one should tell you that you need a  
few doses of Chamberlain's Cough  
Remedy to allay the irritation of the  
throat, and make sleep possible.  
It is good. Try it. For sale by all  
druggists.

### REGISTER TO-DAY.

If You Fall You Will Lose Your  
Vote.

To-day is the only day for regis-  
tration in Hopkinsville. The four  
polls in the city will be open from 6  
a. m. to 9 p. m. and all qualified  
voters who fail to register will lose  
their votes in November, unless pre-  
vented by sickness or absence.

Qualified voters are male citizens  
21 years old Nov. 5, 1901, who have  
been in the state one year, the  
county six months and the precinct  
since Sept. 5, 1901. Exceptions are  
persons not convicted of treason, felony  
or infamy and not pardoned; per-  
sons in confinement under judgment  
of a court for some penal offense,  
and persons idiots or insane.

### Why Osteopathy is Popular.

It is a fact that the Osteopath in  
a few weeks or months obtains a  
standing with the best people in his  
community that it would take a  
physician years to acquire.

The reasons for this are many  
and obvious. In the first place,  
the theory of the science of osteo-  
pathy is a rational and common  
sense one. There is nothing vague,  
mysterious, or occult about it, but  
being based upon the laws of na-  
ture it commends itself to the un-  
prepared and thinking mind.

Another thing that tends to popu-  
larize it is the plain and reason-  
able system of charges usually  
adopted by the osteopathy a system  
whereby the patient is enabled to  
tell approximately what it is going  
to cost him to regain his health.  
The treatment is undertaken with  
the knowledge that there will be  
no bill for medicine, extra visits,  
etc., at the final reckoning.

Almost everybody dislikes to take  
medicine. There is hardly an  
adult to be found who has not many  
times been depressed and sickened  
by heroic doses of drugs, and as the  
Irishman expressed it, "felt sick a  
long time after he got well." If  
osteopathy did nothing but abolish  
experimental doses of poisonous  
drugs and curtail the number of  
surgical operations, it would be  
worthy of the gratitude of countless  
sufferers.

And finally, osteopathy has loyal  
defenders and warm adherents  
among all classes because of re-  
sults attained by its practitioners.  
"Nothing succeeds like success."  
It is results that tell.

What the invalid wants is to get  
well. He is not so much interested  
in the name of the school of healing  
to which his doctor belongs as he is  
in the fact that he can do what he  
claims to do. It is by this standard  
that osteopathy asks to be judged.  
While the claim is not made for it  
that it is a cure-all or that it has  
eliminated death from the world,  
yet the fact remains that it has  
brought health and vigor to the  
body and cheer to the heart of many  
an invalid from whom all hope had  
vanished.

These are but a few of the reasons  
why Osteopathy has firm, loyal  
friends wherever it has been intro-  
duced by competent and conscien-  
tious Osteopaths. If you are sick  
and suffering try Osteopathy. If  
you desire the most profitable pro-  
fession try Osteopathy. For free

You Want, You'd Better Read  
Hodgson's Ad.

The advertisement of Mr. Sam'l  
Hodgson, the Clarksville monument  
and marble dealer, appears in this  
issue of the KENTUCKIAN and the  
attention of those interested is  
called to same.

This is one of the oldest concerns  
in the South and there are few cem-  
eteries within a radius of 100 miles  
of Clarksville in which some of this  
establishment's best work has not  
been placed.

Mr. Hodgson has just returned  
from the East, where he thoroughly  
familiarized himself with all the  
new and up-to-date designs in monu-  
mental work and he is chug-ful  
of pointers along this line.

Those desiring work would do  
well to communicate with him, or  
see some one of his representatives,  
before placing their orders.
